

**PENTCO**  
Introducing,

*Our* **Pendenza**  
from our *Linea d'Italia* collection

Descend into style with Pentco's new Pendenza door profile. This design offered by Softtouch and Fullwrap provides extremely clean lines, leaving the surface void of any decorative hardware. We have engineered a flat channel system called the Pen-channel, to be integrated into the cabinet's construction, allowing access to the Pendenza's modern sloped profile.

Our **Pendenza**
